Judy,

I made a couple of changes/clarifications. Let me know if you have any questions.

Matt

Judy, I edited quite a bit; see what you think...S p.s. We really need to control the confusion Arkema is creating with their false definition of a CDF--it's going to very much confuse the FS rollout to the CAG, ie. a landfill is not a CDF!

Also, at least one statement Todd made was not true--our EE/CA would have at least 3 options--not one--and it would include at this stage at least two different disposal options. I'm not sure how to mark up what is a quote, but I'd rather not repeat such a false statement--it creates confusion unnecessarily.
